To Alexander Cruickshank

Program of Gordon Conference on Phagocytes, Proctor Academy, July 4-8, 1983.

Thomas P Stossel, Chairperson
Marco Baggiolini, Vice-Chairperson

Sessions-

Molecules guiding phagocytes (chemotactic factors) and eliciting recognition of objects to be ingested (opsonins). S.C. Silverstein, session chairperson. Speakers: T.E. Hugli, M.M. Frank, P. Levine, D. Mosher.

Receptors on phagocytes for chemotactic factors and opsonins. M.M. Frank, session chairperson. Speakers: S. Silverstein, D. Fearon, J. Unkeless, E.J. Goetzl.

Signals generated in phagocytes following membrane perturbation. J Gallin, session chairperson. Speakers: G. Weissmann. D.Romeo, P.D. Lew, R. Snyderman.

The movements of phagocytes. T. Stossel, Session Chairperson. Speakers: S.E. Malawista, K. Weber, J. Oliver, J. Hartwig

Secretory products of phagocytes. C. Nathan, Session Chairperson. Speakers: R. Flower, F. Hirata, W. Scott, H. Colten.
Cytocidal, digestive and growth-promoting activity of phagocytes. C. Nathan, Session Chairperson. Speakers: P. Elsbach, M. Baggiolini, M. Zimmerman, R. Ross.

Oxygen-dependent toxicity of phagocytes. M. Baggiolini, Session Chairperson. Speakers: C. Nathan, S. Klebanoff, J. Repine. C. Cochrane.

The phagocytic respiratory burst. M.L. Karnovsky, Session Chairperson. Speakers: B.Babior, H.Cohen, D. Schneider, D. Hafeman.

There will be a poster session.

I do not want dates given in order to discourage "spot appearances."
